Securitron® M68 Series Magnalock®

*1,200 lbs holding force,
bracket mounted Magnalock*

Easily installed,
bracket mounted
Magnalock for higher
security interior
applications.

Ideal for traffic control in high-use areas where higher security is needed, the Securitron M68 electromagnetic lock provides reliability, durability and strength with low maintenance and efficient power consumption. Bracket mounting and wiring chamber provide ease of installation.

Features

Standard Features

- PoE friendly
- Automatic dual-voltage —no field adjustment required
- Bracket mounting provides the easiest install for out-swing doors
- Rust resistant—all ferrous metal surfaces plated for durability
- Instant release circuit —no residual magnetism
- Internal wire access chamber
- Noise suppression with included MOV
- Ultra-secure collapsing blind nuts mount to door frame for strength and reliability
- Strong hold and low maintenance
- MagnaCare® lifetime replacement, no-fault, no questions asked warranty

Optional Features

- **D** Integrated Door Position Switch (DPS)
- **L** LED indicator
- **T** Anti-tamper switch
