

MF-C103 Cylindrical, RFID Single Latch MIFARE Hotel Lock

Maglocks.com™

... Secure Locking Solutions

Maglocks.com is a division of Gravino Group, LLC

The **MF-C103** electronic hotel lock from Maglocks.com features leading edge RFID technology that can be easily installed in a standard 2-1/8" cylindrical door prep with little or no modifications required. With no exposed card swipes this lock is perfect for both interior and exterior applications.

Standard Features:

- Mifare 1K proximity cards and Mechanical Key Operation.
- High Quality Satin Nickel Scratch Resistant Finish
- Elegant styling with no visible screws or card slots on the lock surface.
- Featuring a free rotating handle designed to prolong mechanism life and eliminate the potential for a handle forced break-in.
- Audit trail stores the most recent 256 transactions and maintains the information within the lock for up to 10 years.
- Easy Install and program ****requires HMS-MF hotel management software and encoder (sold separately)**

Includes:

- Complete electronic RFID card hotel lock
- 2 Mechanical Keys for emergency override
- 2-3/8" backset cylindrical latch
- 2-3/4" backset cylindrical latch
- Strike plate
- Tool pack to remove lock cylinder
- Installation screws
- **100% Free Technical Support!**
