Maglocks.com™

... Secure Locking Solutions

Maglocks.com is a division of Gravino Group, LLC

The **MF-M103** RFID electronic hotel lock from Maglocks.com features leading edge Mifare technology with a High-Quality Mortise Latch & Built-in Deadbolt. Designed for new installations or to replace old/outdated mortise locks.

Standard Features:

- Mifare 1K proximity cards and Mechanical Key Operation.
- High Quality Satin Nickel Scratch Resistant Finish
- Elegant styling with no visible screws or card slots on the lock surface.
- Featuring a free rotating handle designed to prolong mechanism life and eliminate the potential for a handle forced break-in.
- Audit trail stores the most recent 256 transactions and maintains the information within the lock for up to 10 years.
- Easy Install and program ****requires HMS-MF hotel management software and encoder (sold separately)**

Includes:

- Complete electronic RFID card hotel lock
- 2 Mechanical Keys for emergency override
- Mortise Lock Body with Built-in Deadbolt
- Strike plate
- Tool pack to remove lock cylinder
- Installation screws
- **100% Free Technical Support!**

Specifications:

- Operating Temperature: -20°C (-5°F) to +70°C (+158°F)
- Power Requirements: 4 1.5V AA alkaline batteries (not included)
- Typical Battery Life: 15,000 unlock cycle
- Finish: Satin Nickel
