EXTREME RANGE
WIRELESS
PROPRIETARY WIRELESS
TECHNOLOGY

WHEN A LONG RANGE TRANSMITTER / RECEIVER KIT WON'T REACH, TRY THE REIGN TX-100.

The Reign TX-100 / XRE-100 kit allow for triggering a dry contact relay using our proprietary wireless technology and our hand-held transmitter.

Forget about not being able to trigger your gate, door, alarm, or security panel. With the Reign TX-100 far is always reachable.

FEATURES

XRE-100 RECEIVER

- 2 Relays Latching or Momentary (Selectable w/ Jumper)
- Adjustable Delay Between Relays

TX-100 TRANSMITTER

- Micro-USB Rechargeable
- LED Notification for Transmit and Receive Verification
- Low Battery LED Indicator
- Adjustable Transmit Power

SPECIFICATIONS

RECEIVER:

Security:
AES128 Wireless Encryption

Operating Power: 12/24V AC/DC
12 V: 50mA (idle), 1A (transmit)
24 V: 25mA (idle), 500mA (transmit)

Dimensions:
Box: 3-3/4" x 5-1/4" x 2"
With Antenna: 3-3/4" x 10-1/2" x 2"

Temperature Range:
-40°F to 185°F (-40°C to 85°C)

Relays:
2 Outputs: 3 Amp 250 v AC
3 Amp 220v DC
2 Inputs

Memory:
150 Transmitters

TRANSMITTER:

Power:
Battery - Micro-USB Rechargeable

Dimensions:
2-3/8" x 3-1/2" x 3/4"

DIMENSIONS

TX-100
